TO WHOM IT MAY CONCERN

This is to certify that Electro Technique Co. have carried our engineering works for electrical part of subcontractor for Arabian Bemco for the following projects in Saudi Arabia.

1. Inlet Air Cooling System in PP9 TIAC BLOCK C Riyadh – KSA
2. Inlet Air Cooling System in PP9 TIAC BLOCK D Riyadh – KSA
3. Inlet Air Cooling System in PP9 TIAC BLOCK E Riyadh – KSA
4. Inlet Air Cooling System in PP9 TIAC BLOCK F Riyadh – KSA

The engineering works carried out by Electro Technique for the above mentioned projects were basic design, detailed design and issued for construction drawings as follows:

1. CT/VT Calculations
2. MV & LV Cables sizing calculations
3. Cable routing & detailed drawings
4. Short circuit, load flow and Relay Setting Study
5. Schematic & Lightning protection Calculations & drawings
6. Grounding & Lightning Protection Calculations & drawings
7. Battery & Battery Charger sizing calculations
8. Lighting calculations & drawings

The performance and efficiency of Electro Technique was satisfactory and up to the projects requirement.

This is for information with no liability whatsoever on Arabian Bemco

For Arabian Bemco Contracting Co.

Engr. Hamdy Al-Moghazi
Projects Manager
