INDUSTRIAL & POWER PROJECTS  
C.R. 77769 . Capital 300.000.000 LL Fully Paid

21 March, 2005

### To Whom It May Concern

This is to certify that ElectroTechnique have carried out the engineering works as sub-contractor under Techmaster Engineering s.a.l. supervision and management for the following projects in Saudi arabia:

- 1- Al-Aous 110/13.8 kV GIS substation
- 2- Saudia City 110/13.8 kV GIS substation

The engineering works carried out by ElectroTechnique for the above mentioned projects was as follows:

- 1- Relay setting study
- 2- Interface Drawings

The performance and efficiency of ElectroTechnique was satisfactory and up to the projects requirement.

**To Whom It May Concern**

This is to certify that ElectroTechnique have carried out engineering works as sub-contractor under Techmaster Engineering s.a.l. supervision and management for the following projects in Saudi Arabia:

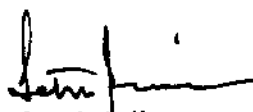

- 1- Sawamlah and Al-Leith 110/33/13.8 kV substations
- 2- Al-Safa 110/13.8 kV GIS substation
- 3- Taif 380/110/13.8 kV GIS substation
- 4- Haram III 110/13.8 kV GIS substation
- 5- Khayber 110/33/13.8 kV GIS substation
- 6- Extension of Dhuba and Jouba 33/13.8 kV substations

The engineering works carried out by ElectroTechnique for the above mentioned projects were the basic design, detailed design, and issued for construction drawings, as follows:

- 1- LVDC and LVAC equipment and cable sizing calculations
- 2- CT/VT Calculations
- 3- MV cable sizing calculations
- 4- Relay setting study
- 5- Interfacing Logic Diagrams
- 6- In / Out Signal List
- 7- Interface Drawings
- 8- Grounding and Lightning Protection

The performance and efficiency of ElectroTechnique was satisfactory and up to the projects requirement.
